The Stars have not changed the personnel of the team since the start of the league series, while the other teams have been looking around for players, and in their caperness to defeat the Stars, even went to the extent of accepting Honolulu players who were here for pleasure or business. Notwithstanding such excellent acquisitions, the Stare always came out vietorious excepting the game of two weeks ago when the too confident Stars were defeated by the Walkapus, who have been steadily improving. That defeat was too much for the Stars to stand, but they will have an easy Alerts win, so that the Walkapus may have gnother chance of playing with the Stars and perhaps defeating the Stars, for Willie Searle, pitcher of the Waikapon has improved considerably. while Jackson has been weakening as proven by the game with the All-Hopitcher and when he goes to Honolulu again, the city teams may scramble to get him.
